Promotion of the use of New and Renewable
Sources of Energy**

TATA ENERGY RESEARCH INSTITUTE
DOCUMENTATION CENTRE

Bombay House, 24 Homi Mody Street, Bombay 400 023.

INTRODUCTION

Within the frame work of its new and renewable energy information programme, being launched in 1981, Unesco, in cooperation with the U.S. Solar Energy Research Institute is compiling and publishing an International Directory of Research Centres and Information Services in the field of new and renewable energy. Unesco plans to publish the Directory in August 1981.

On behalf of Unesco, the information pertaining to India was collected by the Documentation Centre of Tata Energy Research Institute. The information received so far from about 100 organisations may be found in the following pages.
